

THE TERRY FOX FOUNDATION

WHAT SETS US APART

Terry's Marathon of Hope run across Canada in 1980 launched a new age in fundraising. He was an innovator, philanthropist and athlete. In keeping with Terry's personal philosophy, The Terry Fox Run is an all-inclusive, non-competitive event, with no corporate sponsorship, incentives or fundraising minimums. 2020 is an undoubtedly different year, and we will all be greeting September without the familiar sight of Terry Fox Runs in parks and neighbourhoods across Canada. But what will be present, in abundance, will be the Terry Fox spirit of resilience, determination and hope.
